

ADMIRAL DEWEY SENDS THE NEWS

Captured Manila on Saturday and Promptly Hoisted the American Flag.

Land and Naval Attack Brought the Spaniards to Time--Last Battle of the War a Pronounced Victory for the United States.

WASHINGTON, August 17.—Admiral Dewey's official announcement of the bombardment and surrender of Manila is as follows:

MANILA, August 13.—Secretary of the Navy, Washington: Manila surrendered today to the American land and naval forces, after a combined attack. A division of the squadron shelled the forts and intrenchments at Malate, on the south side of the city, driving back the enemy, our army advancing from that side at the same time.

The city surrendered at about 5 o'clock. The American flag is being hoisted by Lieut. Brumby.

About 7,000 prisoners were taken. The squadron had no casualties, and none of the vessels were injured.

On August 7th Gen. Merritt and I formally demanded the surrender of the city which the Spanish Governor General refused.

(Signed) DEWEY.

Lieut. Brumby is Dewey's flag lieutenant.

EARLY NEWS.

WASHINGTON, August 17, 9.30 a. m.—A dispatch from Admiral Dewey confirms the unofficial report of the surrender of Manila. The War Department is expecting a dispatch from General Merritt momentarily.

REJECTIONS---THE CORTEZ.

MADRID, August 17.—The government has decided to reject the resignations of the Governor-Generals of Cuba, Porto Rico and the Philippines.

The Cortez, it is asserted, will reassamble September 15.

AUGUSTI'S STORY.

MADRID, Aug 17.—It is asserted that Gen Augusti left Manila after the surrender. The government has received his report giving the details as to surrender but is not yet ready to publish it. It is asserted that Gen Augusti on Aug. 7, refused all propositions to surrender.

DEWEY AND AUGUSTI.

HONG KONG, August 17.—General Augusti claims he offered to surrender himself personally to Admiral Dewey ten days ago. Dewey refused to accept his surrender unless he surrendered the city at the same time. He told Augusti that if he had a good chance to run away he had no objections.

Augusti requested the Germans to carry him to Hong Kong.

If the Augusti story is true it makes it all the more mysterious why the German Consul denied to Consul General Wildman all knowledge that Augusti was in Hong Kong. He also denied that the Kaiser's Augusta brought him.

The Philippine Junta is delighted with the news, and delegation after delegation is crowding the American Consulate tendering allegiance and support

COURTESIES AT SANTIAGO.

SANTIAGO DE CUBA, Aug. 17.—Last evening the Eighth Ohio regimental band serenaded the Carlos Cuban Club in recognition of the courtesy extended by the club to the officers of the American Army and Navy during their stay in Santiago. The American national hymn was received with enthusiasm, all Americans and Cubans and even Spaniards present, rising, applauding and cheering.

The Clinton has been placed at the disposal of Clara Barton, of the Red Cross Society, to be loaded at once to go to Havana to assist in relieving distress there.

SPAIN'S NEW PERIL.

MADRID, Aug. 17.—El Liberal discussing the eventuality of a conflict between Great Britain and Russia, thinks it a cause of fresh peril to Spain, and urges that special preparations be made for the defense of the Balearic Islands and the coast towns of Andalusia. It says:

"For three years we have sought to defend our honor and Spanish sovereignty in the colonies. To-day we are threatened with another danger. We have to defend our homes."

NO PAY FOR CUBANS.

WASHINGTON, August 17.—Secretary Alger and other members of the Cabinet took occasion to deny the truth of the reports current in Cuba of an agreement to disband the Cuban insurgents and for the United States to pay them off in the interest of promoting peaceful conditions on the island. The proposition, it is stated, would not be entertained by this government, and it is further sug-

gested that such an action would require legislative sanction in an act of Congress.

WHAT THE FIFTH IS DOING

Will Leave Newport News for Lexington, Ky., on Friday.

NEWPORT NEWS, VA., August 17.—The only regiment to leave here Tuesday for Lexington, Ky., was the 8d Kentucky, which was the last to receive orders to move and the first to get away. It is now said the 5th Illinois regiment will leave Friday and thus it will be preceded by the 100th Indiana. An interesting rumor whispered among the officers of the 5th Illinois is that Secretary Alger has given Colonel Culver the choice of going to Cuba or Porto Rico for garrison duty, going into camp at Lexington on being mustered out of the service. Last evening at 6 o'clock Colonel Culver tendered a pretty compliment to the people of Newport News as a mark of his appreciation of their kind treatment of his men. All the men under his command, including the 6th Illinois, 160th Indiana and the 3d battalion of the 3d Pennsylvania regiment, marched to the Casino park and gave a dress parade. Colonel Culver had invited the mayor and members of the city council to be present, and a large crowd of citizens also saw the drill. The men made a fine appearance and were enthusiastically cheered by the assembled throng. The members of the regimental band of the 5th Illinois, which has given a number of public concerts at the park, will be entertained at dinner by a number of the ladies of the city today.

GEORGE PULLMAN MARRIED.

He Found a Willing Bride at Last in New York.

WEST END, LONG BRANCH, N. J., August 17.—Announcement was made here last night that George M. Pullman, son of the late Pullman palace car magnate, after trying in vain three times last night to marry Miss Linne Kernald at this place, succeeded in having the nuptial knot tied in New York. Pullman's mother left yesterday for Alexandria, Va., after a fortnight's stay. Last night Mr. Pullman, in company with Miss Lerna, drove from Elberon to Long Branch to obtain a marriage license being told at police headquarters that he would have to secure the aid of Judge Conover at Freehold. They first visited the Rev. J. R. Shan pastor of the Simpson Methodist Episcopal church. The latter was not at home. Squire Drinley who had rarely been known to refuse a call in this line was next visited. He was sleeping in his apartments over his office, and knew nothing of the important occasion until it was too late. The last place visited was Squire Van Doren's but he also refused to tie the knot. They were then driven to the Central station presumably to take a train for New York. Mr. Pullman however turned up at the Hollywood late last night in company with Dr. G. N. Cognon and received congratulations over his marriage as he said that Judge Van Doren had tied the knot. This morning Mr. Pullman and his bride drove to Freehold, and it has been learned applied for a license.

Stolen Wheel Returned.

The wheel belonging to Miss Elizabeth Matthews, which was stolen from her father's barn on Monday was returned yesterday by some small boys who claim they found it hidden in a high growth of weeds in the rear of the Johnson barn. It is supposed that the boys know more about the disappearance of the wheel than they care to tell and could probably locate the thieves, as there were a number of small boys playing in the alley in the rear of the Matthews barn on the afternoon on which the wheel was taken. When a man meets his wife downtown, he always wonders what it will cost him.

BERLIN PRESS ON AUGUST.

BERLIN, Aug. 17.—The Nord Deutsche Zeitung explains that the German warship Kaiserin Augusta which brought Governor General Augusti from Manila, left after the city surrendered, and asserts that Spanish officers were allowed to go free, so that Augusti was able to go where he pleased. The paper adds: "When Admiral Von Diederichs permitted him to go to Hong Kong on the Kaiserin Augusta it was by agreement with the American commander-in-chief. Mr. Neipp is a first class hotel man and has the reputation of keeping an excellent house. Key of Beer in Court.

In Justice O'Mara's court this morning there was a warm fight over the right of a keg of beer that figured somewhere in a recent election. Fred A. Gries brought suit against H. O. Seaman to recover pay for the keg of beer, said to have been ordered by Seaman and delivered to R. F. Hanson in payment of an election bet. Seaman testified that he had not ordered the beer or authorized anybody to do so, and furthermore he had not bought or drank any beer procured from the firm of Fred A. Gries. The plaintiff showed to the court that same one I. O. Seaman, the key, and that Mr. Seaman had promised to pay for it and that it had not been enjoyed by the defendant. It was finally his own fault. The court decided the case in favor of the keg owners and gave judgment for the full amount. The defendant who fought his own case, announced that he would take the case to the next court, before he would pay for the beer. The plaintiff were represented by Howard Hignlow.

BOOTH'S FORERUNNER.

An Obscure Negro the Originator of Salvation Army Idea.

"There is nothing new under the sun"—not even the Salvation Army. In point of fact, the Salvation Army, movement of whatever it is, is a desecration of calling it, dates back 111 years, and owes its origin to a negro. The scene of its birth was in the old John Street Methodist church, in September, 1789.

Now that there is so much talk about their introducing the Salvation Army in New York, it is interesting to learn that the movement was outlined in "A campaign of God against the devil" almost 100 years prior to the coming here of Gen. Booth and lady. This movement was complete in aggressive Scriptural texts, the singing of religious compositions to secular music, the uniform and other characteristic attributes of the present day war-cry warriors.

Hashed Words.
"You shall eat your words!" cried Mrs. Constance von Kalkraut, the landlady, her eyes glittering ominously.
"N—n—n—never!" replied Vladimir de Montmorency, the hall bed-roomer, fully aroused.
The infuriated woman hesitated.
"He stutters," she reflected, aside, "and if I insist he will go telling around that I made him eat hash!"
With a short burst of baffled rage, and clutching as much of the air as she could without removing her gloves, Mrs. von Kalkraut plunged away.—Decatur Journal.

GAVE THEM A RUN

Policeman Made a Long Chase After a Boy.

FIRE OFF HIS PISTOL

But the Boy Never Stopped—Four Youngsters Stole \$20 Worth of Stuff from the Loeb Factory.

Officer Charles Somerville had a long chase this morning after a small boy who was wanted for committing theft. The boy was lost of foot and the officer ran quite a distance before he caught him. Four small boys yesterday broke into the Loeb foundry and stole about \$20 worth of iron, brass and other stuff which they found about the place. They took the metal to the Wilson junk shop on Broadway yesterday and sold it. The boys were to come back today and get their money and in the meantime the theft was discovered. Officers Cross and Somerville went to the junk shop today for the boys. Somerville went around the front of the place and found the four youngsters sitting on a box in front of the shop. He talked to them for a short time and just at the moment that he asked them where they lived Officer Cross appeared around the corner of the house. This was too much for the boys and they started out. Each of the four ran in a different direction and they ran fast. The policeman could have stopped them if they had been men by hitting them over the head with their club, but they didn't want to hurt the kids. The boys all jumped up so quickly and started off that the officers were taken by surprise. Somerville started after the boy who ran toward the west. The kid kept on running and the officer after him. The policeman called to the boy that if he did not stop he would shoot. The boy didn't stop so the officer discharged his revolver in the air. The boy jumped 10 feet but never stopped. He came to the corner of East Centre Street and Broadway and there he ran into a man and the officer nabbed him. The boy was brought to headquarters and locked up. He gave his name as Bruno Ozykowski. The officers do not know the names of the other boys, but they will lay for them and run in the whole gang.

MONTICELLO FAIR.

The Attendance is Not Large but the Racing is Good.

Yesterday was the opening day at the Peoria county fair at Monticello. The attendance was not as large as it should have been but this fact was probably due to the threatening weather. There is a fine display of produce and live stock and the racing is good. The Atwood band is present and furnishes the music. There are quite a number of persons from Decatur in attendance at the fair. The summary of the races yesterday is as follows:
2:30 trot, purse \$200, six starters; Daisy Blossom won in three straight heats. Best time 2:29 1/4.
3:17 pace, purse \$250, three starters; Lord Sutton won. Best time 3:20 1/4.
Half mile and repeat, purse \$50, eleven starters; Prime won. Time 0:48.
Our Boy paced a mile without a driver in 3:17.
The race program for today includes the 2:30 trot, 2:15 pace, 2:30 trot. J. E. Hill of Beady has two horses to show in the driving ring.

FRIGHTFULLY BURNED.

Monticello Boy Received Probably Fatal Injuries from Gasoline.

The young son of Mr. and Mrs. William Elson of Monticello was frightfully burned with gasoline yesterday afternoon. He was cleaning his clothing with the fluid and while rubbing the garments a match in the pocket was lighted and the fire communicated from the clothing he was cleaning to the clothing he wore in an instant. He ran into the street and the flames were extinguished by some men who were near, but not before he was so badly burned that his recovery is thought to be an impossibility. The flesh was cooked in some places and dropped from the body. The best of medical attention has been given him but it is not thought that he will recover.

Modjeska October 15.

Manager Given of the Powers opera house this morning received a telegram from Modjeska's manager, Fisher, of the Fisher opera house of Santiago, Cal., asking him if the date of Saturday, October 15, was open for Modjeska. Mr. Given immediately wired that the date was open and asked that the contractors be sent on. It is pretty certain that this means that Decatur will have Modjeska at that date. The play in which she will appear is not known but it will probably be "La Tosca." Modjeska's last appearance here was with Booth in "Hamlet."

SERIOUS ASPECT PANA STRIKERS

PANA, ILL., August 17.—The operators of the four mines have now exhausted every effort to induce the union miners to leave the union and return to work below the scale price, but without success. The operators propose now to bring in negroes, who will bank in houses to be erected on the mining company's property.

The union miners are desperate, having remained out for five months, submitting to almost starvation rations. A number have homes partly paid for in building associations, and it is feared serious rioting will follow the importation of outsiders.

LAST GRAND ARMY REVIEW

CHATTANOUGA, TENN., August 17.—The review at Camp Thomas this morning was one of the most striking pageants of years. It was especially interesting on account of the fact that it was the last review of the last big army of the war. Over 10,000 men, marching in perfect order, with bands playing and actors flying, made the occasion truly inspiring. Nearly 50,000 people were enthusiastic witnesses. Immediately after breakfast inspections were held. The regiments then took their places in line. At 8:30 the signal gun was fired and the long column moved past the tower on Sandgrass Hill, where General Breckenridge and guests were seated in the reviewing stand. The cavalry came first, the artillery next and infantry last. Although the column only passed the reviewing stand once the review occupied nearly five hours.

STATE SENATOR MURDERED

STANTON, ILL., August 17.—Senator H. W. Wall was shot and instantly killed last evening by Otto Matthias. Wall discovered a horse belonging to August Schadtlich in his field, which resulted in a quarrel between Wall and Mrs. Schadtlich. Mrs. Schadtlich procured a shot gun and loaded it to Matthias, who is a boarder at the Schadtlich home, who shot Wall, blowing the right side of his head off. Matthias made his escape. Bloodhounds have been sent for from Lithuania and the murderer will, no doubt, be captured. Mrs. Schadtlich has been arrested. Wall was a member of the banking firm of Wall & Canham. He has served several terms in the state legislature, also one term as state senator. He was well known all over the state as a prominent Democrat.

STOUT FAMILY

Will Hold Reunion Near Springfield on August 18.

Mr. and Mrs. R. J. Simpson, Mr. and Mrs. William Beadles and family, Mrs. Charles Richardson and family and others will attend the reunion of the Stout family at Cotton Hill near Springfield on the 18th. The gathering will be a large one and more than 1500 descendants belonging to the Stout family are expected to be present. The reunion will be held at the home of the oldest representative of the family now living in Illinois. There will be a barbecue and a program of speeches and music.

The story of the Stout family is an interesting and romantic one. The ancestor came to America with a party of Hollanders in the year 1670 and in an attempt to land off the Jersey coast the vessel was shipwrecked and nearly all of the party perished. The woman who is the ancestor of the family together with her husband reached land, but the husband was later killed by Indians. She was taken and delivered to the settlement of what was then New Amsterdam, for a ransom and afterward married the man by the name of Stout to whom the members of the family trace their ancestry. W. C. Outson and several other families of Decatur are among the descendants.
